

Yuvaraj A S

Software Development Engineer in Test (SDET)

yuvarajas396@gmail.com | +91 7337738467 | Bengaluru, Karnataka

PROFESSIONAL SUMMARY

A SDET with 1 year 11 months of experience in Automation Test Engineer with hands-on experience in mobile test automation using Appium and Robot Framework. Skilled in designing and executing smoke and sanity suits for Android Automotive IVI platforms and Selenium WebDriver, Python, Pytest and API testing with exposure to Jenkins CI/CD.

SKILLS

Programming Languages: Java and Python

Automation Tools: Appium Server, Appium Inspector, Robot Framework

Test Automation: Selenium WebDriver, PyTest

API Testing: Postman, Requests

Automation Frameworks: Page Object Model (POM), Data-Driven Testing, Keyword-driven, Hybrid Frameworks

CI/CD & Version Control: Jenkins, Git, GitHub

Test Management & Bug Tracking: JIRA

Platforms: Android Automotive IVI, Android Mobile

EXPERIENCE

Tata Consultancy Services

Dec 2023 – Present

Software Test Engineer - Android Automotive IVI (In-Vehicle Infotainment)

Bengaluru, Karnataka

- Designed and executed **Automation test scripts** for smoke and sanity testing using **Robot Framework** integrated with **Appium Server** and **Appium Inspector**.
- Automated **Android Automotive IVI radio** and **media** features, ensuring test coverage for key user journeys.
- Utilized **Canoe** to simulate and validate automotive network protocols and ECU communication, improving the **accuracy of system integration testing by 20%**.
- Performed functional, regression, smoke and sanity testing of In-Vehicle Infotainment (IVI) applications, including Bluetooth connectivity, media playback, and navigation features, ensuring 98% defect-free releases.

PROJECTS

OrangeHRM Test Automation Framework Development

- Developed and automated test scripts for key OrangeHRM modules (Employee Management, Leave, Recruitment) using **Selenium WebDriver** and **Python**, increasing test coverage by 30–40%.
- Designed a **Page Object Model (POM) framework** to enhance scalability and maintainability, reducing script maintenance effort by 25% and manual testing by 35%.
- Integrated automation with **Jenkins CI/CD pipeline** for continuous testing, improving release efficiency and providing detailed test reports via GitHub and Jira.

EDUCATION

• **Bachelor of Engineering in Electronics and Communication Engineering**

2019-2023

Adichunchanagiri Institute of Technology, Chikmagalur

CGPA: 8.01

Certifications & Awards

- ISTQB Certified** — Foundation level.
- Mobile Automation with Robot Framework and Appium** — Liviu Avram (Udemy).
